INDEX to Volume VI, 1949–1950

Figures in heavy type preceding page references indicate the parts of *The Advancement of Science* in which references will be found.

Titles of communications are frequently abbreviated.

Administration, Education in, by Dr. P. F. R. Venables, **24**, 384, 387
Administration of large scale enterprises, by J. C. Picton, **22**, 119
Administrator and teacher, Discussion on, **22**, 155
Adolescent nutrition, Discussion on, **24**, 382
Adult education, Science in, **22**, 131; Discussion on report, **24**, 384, 387
Afforestation of moorlands, Discussion on, **24**, 384
Agricultural bygones, by T. Wake, **24**, 382
Agricultural ecology, Symposium on, **24**, 384
Agricultural education, by J. Gillespie, **24**, 384
Air photography and geology, Report of a discussion, **22**, 146
ALDER, H., Yield pillar technique in deep coal mining, **24**, 381, 386
ALEEM, Dr. A. A., Zonation of littoral diatoms, **24**, 383, 386
ALEXANDER, Dr. E. A., Cavitation of sound in water, **24**, 379
ALEXANDER, Dr. W. P., Aspects of world education, **22**, 153
Algae and calcareous rocks, by Prof. F. E. Fritsch, **24**, 383
ALLEN, E., Economics of building a new town, **24**, 381
Amphioxus, Feeding of, by Prof. R. Dennell, **24**, 380
Analysis, Abstract, by Dr. F. Smithies, **24**, 379
Analytic function, Distribution of values of, by Dr. E. F. Collingwood, **24**, 379, 385
ANDERSON, W., Pleistocene sea-levels, **24**, 380, 385
Anglo-Egyptian Sudan, Migration in, by D. B. Mather, **24**, 381
Anthropology, psychology and sociology, by Prof. T. H. Pear, **21**, 78
Anti-semitism, Psychology of, by Dr. H. J. Eysenck, **21**, 76
Aquatic locomotion, Symposium on, **24**, 380
Archaeology in education, by M. C. Burkitt, **23**, 249
ARKELL, A. J., Khartoum Neolithic, **24**, 382, 386
ARMSTRONG, A. L., Palaeolithic caves, **24**, 382
ARMSTRONG, Rev. E. A., Pair bond and breeding economy of birds, **24**, 381, 385
ARTHUR, J. R., Combustion of carbon, **24**, 380, 385
Ascorbic acid, synthesis in cress, by Dr. L. W. Mapson, **24**, 383, 386
Associations for the Advancement of Science, **22**, 167
Astronomical instruments, by Sir Harold Spencer Jones, **23**, 184
AUERBACH, Dr. C., Mutations due to chemicals, **24**, 383, 386
AUSTIN, Mrs. F. M., Psychological control of fear, **21**, 79

BAGSHAWE, T. W., English folk-museum, **24**, 382
BAILEY, Dr. R. W., Metals for high duty, **24**, 381, 386
BAINES, G. G., Social planning and design, **24**, 382
BAKER, F., Microbial digestion, **24**, 347
BALCHIN, N., Incentives, **21**, 80
BARER, Dr. R., Microscopy and cell structure, **24**, 382
BARRACLOUGH, F., Public policy for primary schools, **24**, 384, 387
BARRELL, H., Precision length measurements in terms of light waves, **24**, 379
BARRETT, J. H., Dale Fort, **24**, 383
BARTLETT, Dr. S., Nutrition in milk production, **24**, 384
BATES, Dr. W. J., Shearing interferometry, **24**, 379
BEACHAM, Prof. A., Coal industry in Gt. Britain, **24**, 381, 386
BELL, J. D. M., Trade Union membership 1911–47, **24**, 381
BELL, Dr. J. F. W., Absortion of ultrasonic waves, **24**, 379
BELL, P., *Elaphoglossum*, **24**, 383, 386
BERNAL, Prof. J. D., Membership of Council, **24**, 388
BEVERIDGE, Lord, Price study and economic history, **24**, 381
Biology in the educational curriculum, Report of a symposium, **21**, 33
Bird behaviour, Symposium on, **24**, 381, 385
BIRLEY, R., Reconstruction of education in Germany, **22**, 163
Blackberry species, by Dr. Y. Massey, **24**, 383, 386
BLACKBURN, Dr. K. B., Prehistoric forests of N. England, **24**, 384
BLAXTER, Dr. K. L. (ED.), Physiology of lactation, **21**, 12
BOLTON, Lord, Hardwoods in Pennine forestry, **24**, 384
BONHAM, H. J., Modern School biology, **21**, 41
Books, Shortage of, **22**, 117
BOSWELL, J. G., Metabolism of tissue slices, **24**, 383
BOURNE, Dr. G. H., Mitochrondria, **24**, 382
BOWEN-JONES, H., Peasantry and small farming, **24**, 381
BRAID, Prof. K. W., Ecological problems of hill farms, **24**, 384
BRAILSFORD, Dr. F., Magnetic materials for electrical power plant, **24**, 381, 386
Brain and mind, Symposium on, **24**, 382
BRAY, F., Young worker in industry, **22**, 162
BRIDGER, G. W., Combustion of carbon, **24**, 380
BROOM, Dr. R., Piltdown skulls, **24**, 344
BROWNE, B. C., Geophysical investigation of ocean floor, **24**, 380; Gravity survey in Britain, **24**, 379
BUCKLEY, L. R., Administrator and teacher, **22**, 156
BULL, Dr. H. O., Fish and their environment, **24**, 380
Bunbeg, Petrological study of area, by E. T. H. Whitten, **24**, 380
BURKITT, M. C., Archaeology in education, **23**, 249
BURRILL, Prof. L. C., Aquatic locomotion, **24**, 380; Marine propulsion, **24**, 382
BURROWS, Dr. E. M., British *Fucaceae*, **24**, 383, 386
BURSTALL, Prof. A. F., Technology and humanities, **24**, 351
BURSTEIN, Miss S. R., Old age from mediaeval times, **24**, 382

California, Historical geography and regionalism in, by S. J. Jones, **24**, 381
CANNON, Prof. H. G., Biology in educational curriculum, **21**, 33
Carbon, Discussion on combustion of, **24**, 380
CARLING, Sir Ernest R., '60–65' convention, **21**, 15
CARRICK, R., Feeding reactions of starling's, **24**, 381
CARTER, T. C., Mutations by radiation, **24**, 383
CARTWRIGHT, Dr. M. L., Non-linear vibrations, **21**, 64
CATTY, Miss N., Reshaping the primary school, **24**, 384
Cell, by Prof. R. A. Peters, **23**, 257; Symposium on, **24**, 382, 386
CHADWICK, Mrs. N. K., Dreams in early European literature, **24**, 382
CHAMPION, Prof. H. G., Future of our new forests, **24**, 319
CHAPMAN, Dr. D., Social planning for new town, **24**, 382, 386
CHARLESWORTH, Dr. J., Legal aspects of subsidence, **24**, 382, 386
Chemistry and the food supply, Discussion on, **24**, 380, 385
CHEVELEY, S. W., Chemicals and weed control, **24**, 380, 385.
CHISHOLM, A., Settlement of structures on clay foundations, **24**, 382, 386
Chordaria flagelliformis, Life history of, by W. T. Mathias, **24**, 383
Cinema and adolescents, Summary of a discussion, **21**, 77
Civil wars and culture contact, by Dr. L. F. Richardson, **24**, 381
CLAPHAM, Prof. A. R., Teesdale flora, **24**, 383
CLARKE, Sir Fred, Administrator and teacher, **22**, 159; Study of education, **23**, 286
Clay foundations, settlement of structures on, by A. Chisholm, **24**, 382, 386
CLAYTON, G., Investment of life insurance funds, **24**, 381
CLEMO, Prof. G. R., Nitrogen cycle, **24**, 379
Climate and vegetation, by Prof. A. A. Miller, **24**, 381
Climate of E. Mediterranean, by Dr. W. B. Fisher, **24**, 381, 385
Coal face lighting, by Prof. H. Cotton, **24**, 381
Coal industry, Discussion on position in Great Britain, **24**, 381, 386
Coke, Developments in use, by E. Murphy, **24**, 382, 386
COLE, L. W. L., Chemicals and insect control, **24**, 380
COLLINGWOOD, Dr. E. F., Distribution of values of an analytic function, **24**, 379, 385
COLLINS, Major E. R., Lower Palaeolithic implements, **24**, 382, 386
Colonial peoples, Education of, by W. E. F. Ward and E. E. Esua, **24**, 384
Colour blindness and Ishihara test, by Dr. R. W. Pickford, **24**, 383, 386
COMBER, Prof. N. M., Farming, Science, and Education, **23**, 291
Combustion and the progress of chemistry, by Sir Alfred Egerton, **23**, 194
CONDER, P. J., Avifauna of Skokholm, **24**, 383
CONWAY, Dr. V., Forest destruction in prehistoric and mediaeval times, **24**, 384, 387
CONZEN, M. R. G., Newcastle-upon-Tyne, **24**, 381
COOPER, Prof. M. M., Domestic beef production, **24**, 384, 387
CORDINGLEY, Prof. R. A., Rural house types, **22**, 123
CORNISH, R. T., Regional geography in Sweden, **24**, 381
Corresponding Societies, Conference of Delegates from, **24**, 332
COTT, Dr. H. B., Palatability and colouration of birds' eggs, **24**, 381, 385
COTTON, Prof. H., Lighting of the coal face, **24**, 381
Council, Membership of Prof. J. D. Bernal, **24**, 388
Council's Report, 1948–49, **24**, 392
CRAWFORD, Miss A., Ishihara test, **24**, 383
CROFTS, F. A., Curriculum of secondary modern school, **24**, 384
CROWTHER, Dr. E. M., Chemicals and crop growth, **24**, 380
CROWTHER, D. J., Technology and humanities, **24**, 384, 387
Cryptothallus mirabilis Malmb. in Scotland, by Dr. S. Williams, **24**, 384
Crystals, Movements of atoms in, by Dr. K. Lonsdale, **22**, 112
Crystals of glacier ice and sutured quartz, by Dr. A. G. MacGregor, **24**, 380, 385
CURLE, A., Incentives, **21**, 81
CUSHING, Dr. D., Vertical migration of plankton, **24**, 380
CUTHBERTSON, Dr. D. P., Microbial digestion in alimentary tract, **24**, 345

Dale Fort, by J. H. Barrett, **24**, 383
DARBY, Prof. H. C., Regional geography of 19th century England, **24**, 381
DARLING, Dr. F., Agricultural ecology **24**, 384; History of Scottish Forests, **24**, 384
DAVIDSON, Prof. J. N., Chemical aspects of cell, **24**, 382
DAVIES, Dr. T. I., Education and rural community, **24**, 384
DAY, Miss W. M., Indian political boundaries, **24**, 381
DENNELL, Prof. R., Feeding of *Amphioxus*, **24**, 380
Diatoms, Zonation of littoral, by Dr. A. A. Aleem, **24**, 383, 386

Difference-differential equations, by Prof. E. M. Wright, **24**, 379, 385
Differential geometry, by Prof. H. S. Ruse, **24**, 379
DIGBY, A. (ED.), Technique and economic organisation among primitive peoples, **21**, 23
DIGBY, P. S. B., Wind tunnel for study of insect flight, **24**, 381
DINSDALE, D. H., Economics of retention of hill land for agriculture, **24**, 384, 387
Divine King in England, by Dr. Margaret Murray, **24**, 382
DODMAN, N. D., Cinema attendance among adolescents, **21**, 77
Dreams in early European literature, by Mrs. N. K. Chadwick, **24**, 382
DREW, R. L., Reflecting microscope, **24**, 379
DRYDEN, Dr. I. G. C., Coal industry in Gt. Britain, **24**, 381

EARLE, Dr. F. M., Selection for secondary education, **24**, 383
Early industrial settlement in N.E. England, by A. E. Smailes, **24**, 381
Economics: Yesterday and To-morrow, by Sir Alexander Gray, **23**, 233
Education, and rural community, by Dr. T. I. Davies, **24**, 384; Study of, by Sir Fred Clarke, **23**, 286; Topics discussed at 1948 Meeting, **22**, 153
EGERTON, Sir Alfred, Combustion and progress of chemistry, **23**, 194; Flame speeds, **24**, 379
Egg, yolk and fertilisation, by A. G. Lowndes, **24**, 380
Egypt, Post-war economic developments, by A. McK. Frood, **21**, 45
Elaphoglossum, Phylogenitic trends in, by P. Bell, **24**, 383, 386
Electronics, by Dr. A. L. Whiteley, **24**, 382, 386
ELLISON, Dr. M. A., Spectrohelioscope, **24**, 379
ELSTON, M. J., Inflammability of methane, **24**, 379
EMELÉUS, Prof. H. J., Inorganic fluorine compounds, **24**, 380
English composition in selection for grammar schools, by S. Wiseman, **24**, 383, 386
ENNION, E. A. R., Flatford Mill, **24**, 383
Enzyme action in cereals, by Dr. H. Porter, **24**, 383, 386
Eskdale boring, Salt deposits of, by Dr. F. H. Stewart, **24**, 380, 385
ESUA, E. E., Education of colonial peoples, **24**, 384
Ethnographic maps of Macedonia, by H. R. Wilkinson, **24**, 381, 386
EVANS, K. R., Technology and humanities, **24**, 384, 387; Young worker in industry, **22**, 161
EVANS, P. G., Photogeology in mapping, **22**, 149
Evolutionary studies, Symposium on, **24**, 381
EYSENCK, Dr. H. J., Psychology of anti-semitism, **21**, 76

Farm labour-team, by Dr. A. Geddes, **24**, 382
Farming, Science and Education, by Prof. N. M. Comber, **23**, 291
Fear, Psychological control of, by Mrs. F. M. Austin, **21**, 79
FELDMANN, Dr. J., Marine vegetation, **24**, 383
FENELON, Dr. K. G., Britain's food supplies, **24**, 311
Field studies and research centres, Symposium on, **24**, 383
FINDLAY, Dr. W. P. K., Prevention of decay in newly felled timber, **24**, 384, 387
FISHER, Dr. W. B., Climate of E. Mediterranean, **24**, 381, 385
Flame, Propagation of, Discussion on, **24**, 379, 385
Flatford Mill, by E. A. R. Ennion, **24**, 383
FLEMING, Sir Arthur, Bridging the gap between science and industry, **23**, 244
Fluorine, Discussion on, **24**, 380, 385
Folic acid, vitamin B_{12} and anaemia, Discussion on, **24**, 382, 386
Food and people, Report of symposium, **24**, 362
Food, Britain's supplies, by Dr. K. G. Fenelon, **24**, 311
FORD, Dr. E. B., Selection in wild populations, **24**, 381
Forestry and hill farming, Discussion on, **24**, 384, 387
Forestry, Economics of, by W. E. Hiley, **24**, 384
Forests and men, Symposium on, **24**, 384, 387
Forests, Future of, by Prof. H. G. Champion, **24**, 319
FORSTER, S. A. S., Industrial estates in a development area, **24**, 381
FOSBROOK, M. T., Rock-paintings in Tanganyika, **24**, 382
FOSTER, Dr. W. E., Zymasis in water plants, **24**, 383
FRANK, Dr. F. C., Fundamental particles, **24**, 379
FRASER, J., Afforestation of moorlands, **24**, 384
FRAZER, Prof. A. C., Lipoproteins in cell structure, **24**, 382
FREEMAN, T. W., Rural Ireland in 1841, **24**, 381, 386
FRISBY, Dr. C. B., Human problems in machinery design, **24**, 383, 386
Fritillaria, Character combinations in, by Dr. W. B. Turrill, **24**, 383
FRITSCH, Prof. F. E., Algae and calcareous rocks, **24**, 383
FROOD, A. McK., Post-war economic developments in Egypt, **21**, 45
Fucaceae, British, by Dr. E. M. Burrows, **24**, 383, 386
FUCHS, Dr. L. G., Training of partially sighted, **21**, 76
Fundamental particles, Discussion on, **24**, 379

GADD, G. E., Steady swimming of slender fish, **24**, 380
GARDINER, P. A. D., Peptic ulcers and psychology, **21**, 79
GARNETT, Dr. Alice, Climate of High Peak, **24**, 381
GARSIDE, R. F., Selection of factory operatives, **24**, 383
GÄUMANN, Dr. E., Pathological wilting in plants, **24**, 383
GAYDON, Dr. A. G., Flame propagation, **24**, 379, 385
GEDDES, Dr. A., Farm labour-team, **24**, 382
Genetics, Symposium on, **24**, 383
Geologist, Discussion on education of, **24**, 380; Discussion on training of, **21**, 51
Geology in historical perspective, by Dr. S. Tomkeieff, **24**, 380
Geology in schools, Report of a Committee, **21**, 55
Geophysics, Symposium on, **24**, 379, 385
GEORGE, Prof. T. N., Education of geologists, **24**, 380
Germany, Education of British children in, **22**, 154
Germany, Reconstruction of education, by R. Birley, **22**, 163
GILBERT, A., New-type examinations in technical education, **21**, 82.
GILLESPIE, J., Agricultural education, **24**, 384
GIMINGHAM, Dr. C. H., Maritime ecology of St. Cyrus, **24**, 383 386
GLYNNE, Dr. M. D., Ecology of fungal footrots of wheat, **24**, 384, 387
GOODMAN, G. T., Flora of Skokholm, **24**, 383
GORDON, Prof. W. T., History of cutting rock slices, **24**, 380
GORRIE, Dr. R. M., Forest conservation, **24**, 384, 387
GOULD, R., Aspects of world education, **22**, 153
GOWDRIDGE, Miss B. M., *Kleinia radicans* and humidity, **24**, 383
GRAY, Sir Alexander, Economics: Yesterday and To-morrow, **23**, 233
GRAY, Prof. J., Locomotion in animals, **24**, 380
GRIFFITHS, Dr. E., Thermal characteristics of soil, **24**, 379
Ground subsidence, Symposium on, **24**, 382
Group discussion and social change, by Dr. E. Jaques, **21**, 82
Guidance in Australia, by H. S. Williams, **21**, 78

Hadrian's Wall, Tactics of, by Dr. I. A. Richmond, **24**, 382
HALNAN, E. T., Nutrition of poultry, **24**, 384
HARDIE, W. G., Streaky migmatite and agmatite, **24**, 380, 385
Hardwoods in Pennine forestry, by Lord Bolton, **24**, 384
HARDY, Prof. A. C., Aerial drift of insects, **24**, 381; Zoology outside the laboratory **23**, 213
HARRIS, P., Sawmilling research, **24**, 384
HARTLEY, P. H. T., Routines in bird life, **24**, 381
HAUGHTON, J. P., Local newspapers and the regional geographer, **24**, 381, 386
Head teachers and administration, by L. T. Taylor, **24**, 384, 387
Heating research for houses, by Dr. J. C. Weston, **24**, 382, 386
Hedonic tone and conscious memory, by W. A. McElroy, **24**, 383
HENRY, Dr. K., Microbial digestion, **24**, 348, 386
HETHERINGTON, R. R., Snellen Chart, **24**, 383
HEWITT, Dr. E. J., Molybdenum in the nitrogen cycle, **24**, 379, 385
HEY, J. S., Radio observation of sun, **24**, 354, 385
HICKLING, Prof. H. G. A., Coal industry in Great Britain, **24**, 381; Geology of Newcastle district, **24**, 380
High Peak, Climate of, by Dr. Alice Garnett, **24**, 381
HIGSON, Dr. G. I., Chemistry and food supply, **24**, 380
HILEY, W. E., Economics of British forestry, **24**, 384
Hill farming and forestry, Discussion on, **24**, 384, 387
Himanthalia lorea, Chemical composition of, by Miss B. Moss, **24**, 384; Anatomical structure of, by Miss M. Naylor, **24**, 384, 386
HIRSCH, Dr. K. A., Theory of knots, **24**, 379
HIRST, Dr. H. S., Chemicals and grass conservation, **24**, 380
HODGKIN, Mrs. D. C., X-ray analysis of penicillin, **22**, 85
HODGSON, Dr. W. C., Echo-sounding and pelagic fisheries, **24**, 380, 385
HOLMES, P. T., Malham Tarn, **24**, 383
Horticultural crops and water, by F. A. Secrett, **22**, 128
HOUSE, J. W., Population mobility in N.E. England, **24**, 381
HOUSTON, J. M., Irrigation in Spain, **24**, 381
Human problems in design of machinery, Discussion on, **24**, 383, 386
HUTCHINGS, G. E., Juniper Hall, **24**, 383
HUTTON, Prof. J. H., Comparison of dry and irrigated cultivation in Naga Hills, **21**, 26

Imaginative construction in children, by Miss M. D. Vernon, **21**, 77
Incentives, Discussion on, **21**, 80
Indian political boundaries, by Miss W. M. Day, **24**, 381
Industrial estates in a development area, by S. A. S. Forster, **24**, 381
Industrial settlement in N.E. England, by A. E. Smailes, **24**, 325
Industry, Mobility of, by W. Smith, **22**, 115
Insect flight and distribution, Symposium on, **24**, 381, 385
Instruments and industrial progress, by Sir Ewart Smith, **21**, 29
Interferometry, Symposium on new developments, **24**, 379
Ireland, rural, in 1841, by T. W. Freeman, **24**, 381, 386
Irrigation and Australia's food supplies, by N. R. Wills, **24**, 381
Irrigation in Spain, by J. M. Houston, **24**, 381
Ishihara test, by Miss A. Crawford, **24**, 383

JAQUES, Dr. E., Social change, **21**, 82
JACQUIOT, Dr. C., Forest conservation, **24**, 384
JAMES, Prof. E. O., Religion in Society, **24**, 382, 386
JEFFERSON, Prof. G., Brain and mind, **24**, 382, 386
Jet-propulsion of ships, by H. Watson, **24**, 382, 386
JOHNSON, Dr. C. G., Insect distribution, **24**, 381, 385
JONES, G. I., People of the big hoe, **21**, 24
JONES, H., Lead and zinc pollution in rivers, **24**, 380
JONES, Sir Harold Spencer, Astronomical instruments, **23**, 184
JONES, Dr. J. W., Spawning behaviour of Atlantic salmon, **24**, 381, 385
JONES, S. J., Historical geography and regionalism in California, **24**, 381
Juniper Hall, by G. E. Hutchings, **24**, 383

KEMMER, Dr. N., Elementary particles, **24**, 379
KENNEDY, Prof. A., Brain and mind, **24**, 382
KENNEDY-FRASER, D., Quality of population, **24**, 361
KESTERTON, Miss B., Films and adolescents, **21**, 77
Khartoum Neolithic, by A. J. Arkell, **24**, 382
Kleinia radicans and humidity, by Miss B. M. Gowdridge, **24**, 383

Knots, Theory of, by Dr. K. A. Hirsch, **24**, 379
KRAMER, Dr. L. M. J., Sixth form biology, **21**, 34
KUENEN, Prof. Ph. H., Formation of continental terrace, **24**, 380

Lactation, Physiology of, Report of a Symposium, **21**, 12
LAFITTE, Prof. P., Inflammability of methane, **24**, 379, 385
Laminariaceae, Growth in British, by Dr. M. Parke, **24**, 383, 386
LAMPARD, Miss D. M., Reading comprehension and word recognition, **21**, 80
Land use, Planning of, by Prof. L. D. Stamp, **23**, 224
LEACH, Dr. E. R., Dry rice cultivation in Burma and Borneo, **21**, 26
LEECH, H. R., Production of fluorine, **24**, 380, 385
LEWIS, Mrs. B. E., Economic implications of an ageing population, **21**, 21
LEYTON, Dr. L., Afforestation of moorlands, **24**, 384
LINFOOT, Dr. E. H., Schmidt camera, **24**, 379
LINNETT, Dr. J. W., Flame speeds, **24**, 379, 385
LINTON, Prof. D. L., Geology and air photography, **22**, 149
LITTLEFIELD, Dr. T. A., Reflecting echelon, **24**, 379
Livestock, plane of nutrition of, Symposium on, **24**, 384, 387
Llyn Peninsula, Settlement patterns in, by R. M. Prothero, **24**, 381
Local newspapers and the regional geographer, by J. P. Haughton, **24**, 381, 386
LODGE, Miss S. M., Periodicity in marine algae, **24**, 383, 386
LONG, A. P., Afforestation of hill country, **24**, 384
LONSDALE, Dr. K., Movements of atoms in crystals, **22**, 112
LOVELL, Dr. A. C. B., Radio-echo observations of meteors, **24**, 354, 385
Lower Palaeolithic implements, by Major E. R. Collins, **24**, 382, 386
Lower Palaeozoic rocks, by Prof. W. J. Pugh, **23**, 203
